

The ELKS Maintain Thirty Year Tradition of Bringing Christmas to Sevvick Students

The **Elks Lodge 1812** invest in their communities through many programs, including activities that benefit our youngest learners. Since 1984, the **ELKS** have arrived at Sevvick School en masse from the North Pole with Santa and Mrs. Claus. The group spends the entire day at our school bringing a bit of holiday joy to our students. As Santa's helpers, the ELKS Lodge members purchase a personalized gift for each student at Sevvick School.

Words cannot describe the excitement on the children's faces and the delight of the parents as they watch Santa give each child special attention and a gift selected just for them.
